We are pleased to present our new Seedlings Catalogue.
Wir freuen uns, Ihnen unseren neuen Katalog für Jungpflanzen aus Saatgut vorzustellen.

EN To provide information more quickly and clearly, we have introduced a series of intuitive icons that highlight the key characteristics of our products at a glance. The convenient fold-out flap at the back of this catalogue provides an easy reference guide to the meaning of each symbol. In addition, the QR codes accompanying the products will take you directly to our website, where you can access further technical information and comprehensive product details.

The year 2027 marks a very special milestone for us. Raes Bloemzaden celebrates its 100th anniversary, while Kloer Gartenbau looks back on 114 years of expertise and entrepreneurship. These remarkable achievements reflect generations of knowledge, passion and dedication to professional horticulture.

In a sector that is constantly evolving and in an increasingly challenging economic environment, we are proud that our companies remain independent family businesses. This independence allows us to stay true to our core values: quality, reliability, personal service and a long-term vision.

Our assortment is carefully selected based on extensive evaluations carried out both during production and on our trial grounds. Only those varieties that meet our high standards earn a place in this catalogue.

Thanks to the trust of our customers, partners and suppliers, we can continue this tradition and keep investing in innovation, sustainability and the horticulture of tomorrow.

On behalf of everyone at Rudy Raes Bloemzaden and Kloer Gartenbau, we sincerely thank you for your continued trust and support. We look forward to growing together with you in the years to come.

The Raes & Kloer Families

DE Um Sie noch schneller und übersichtlicher zu informieren, haben wir aussagekräftige Symbole eingeführt, die die wichtigsten Produkteigenschaften auf einen Blick sichtbar machen. Mithilfe der praktischen Ausklappseite am Ende dieses Katalogs können Sie die Bedeutung jedes Symbols schnell und einfach nachschlagen. Darüber hinaus führen Sie die QR-Codes bei den Produkten direkt auf unsere Website, wo Sie zusätzliche technische Informationen sowie ausführliche Produktdetails finden.

Das Jahr 2027 ist für uns ein ganz besonderes Jubiläumsjahr. Raes Bloemzaden feiert sein 100-jähriges Bestehen, während Kloer Gartenbau auf 114 Jahre Fachkompetenz und Unternehmergeist zurückblicken kann. Diese bemerkenswerten Meilensteine stehen für Generationen von Wissen, Leidenschaft und Engagement im professionellen Gartenbau.

In einer Branche, die sich ständig weiterentwickelt, und in einem zunehmend anspruchsvollen wirtschaftlichen Umfeld sind wir stolz darauf, dass unsere Unternehmen weiterhin unabhängige Familienbetriebe sind. Diese Unabhängigkeit ermöglicht es uns, unseren Werten treu zu bleiben: Qualität, Zuverlässigkeit, persönlicher Service und eine langfristige Perspektive.

Unser Sortiment wird auf Grundlage umfassender Bewertungen sorgfältig zusammengestellt, sowohl während der Produktion als auch auf unseren Versuchsfeldern. Nur die Sorten, die unseren hohen Qualitätsansprüchen gerecht werden, erhalten einen Platz in diesem Katalog.

Dank des Vertrauens unserer Kunden, Partner und Lieferanten können wir diese Tradition fortsetzen und weiterhin in Innovation, Nachhaltigkeit und den Gartenbau von morgen investieren.

Im Namen aller Mitarbeitenden von Rudy Raes Bloemzaden und Kloer Gartenbau bedanken wir uns herzlich für Ihr langjähriges Vertrauen. Wir freuen uns darauf, auch in Zukunft gemeinsam mit Ihnen weiterzuwachsen.

Die Familien Raes & Kloer

100 YEARS 1927-2027

1927

1962

1927-1952

RAES is founded

RAES wird gegründet

EN

- Ausweitung der Gewächshausproduktion
- Produktportfolio größer als je zuvor
- Grow & Eat und Gewebekultur ins Sortiment aufgenommen
- MPS-zertifiziert
- Investitionen in die Zukunft (Sonnenkollektoren, LED, ...)
- Gemeinsam mit Rudy bereiten Thierry und Elfie, die 4. Generation, das Unternehmen auf die Zukunft vor!

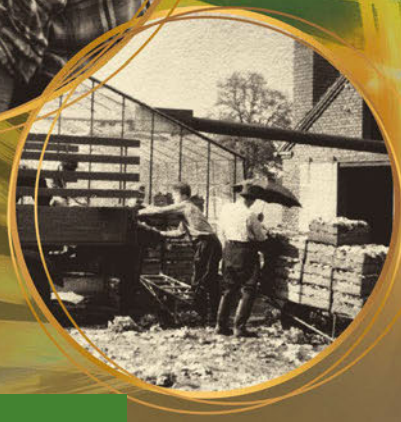

Kloer Gartenbau

Growing with care since 1913.

1913-1929
The Beginning
Die Anfänge

EN
- Establishment of the business by Ferdinand and Bernadette Kloer in 1913
- Six greenhouses for vegetable production
- Developed into a business specializing in ornamental plants and young plants
- In 1924, the first 1,000 m² of greenhouse were added; the open field for vegetable production was expanded to 15,000 m²

DE
- Betriebsgründung durch Ferdinand und Bernadette Kloer im Jahr 1913
- Sechs Frühbeetfenstern und der Aussaat von Gemüse
- Entwickelte sich zu einem auf Zierpflanzen und Jungpflanzen spezialisierten Betrieb
- 1924 die ersten 1.000 m² Gewächshausfläche, Die Anbaufläche für den Freilandanbau von Gemüse wurde auf 15.000 m² erweitert

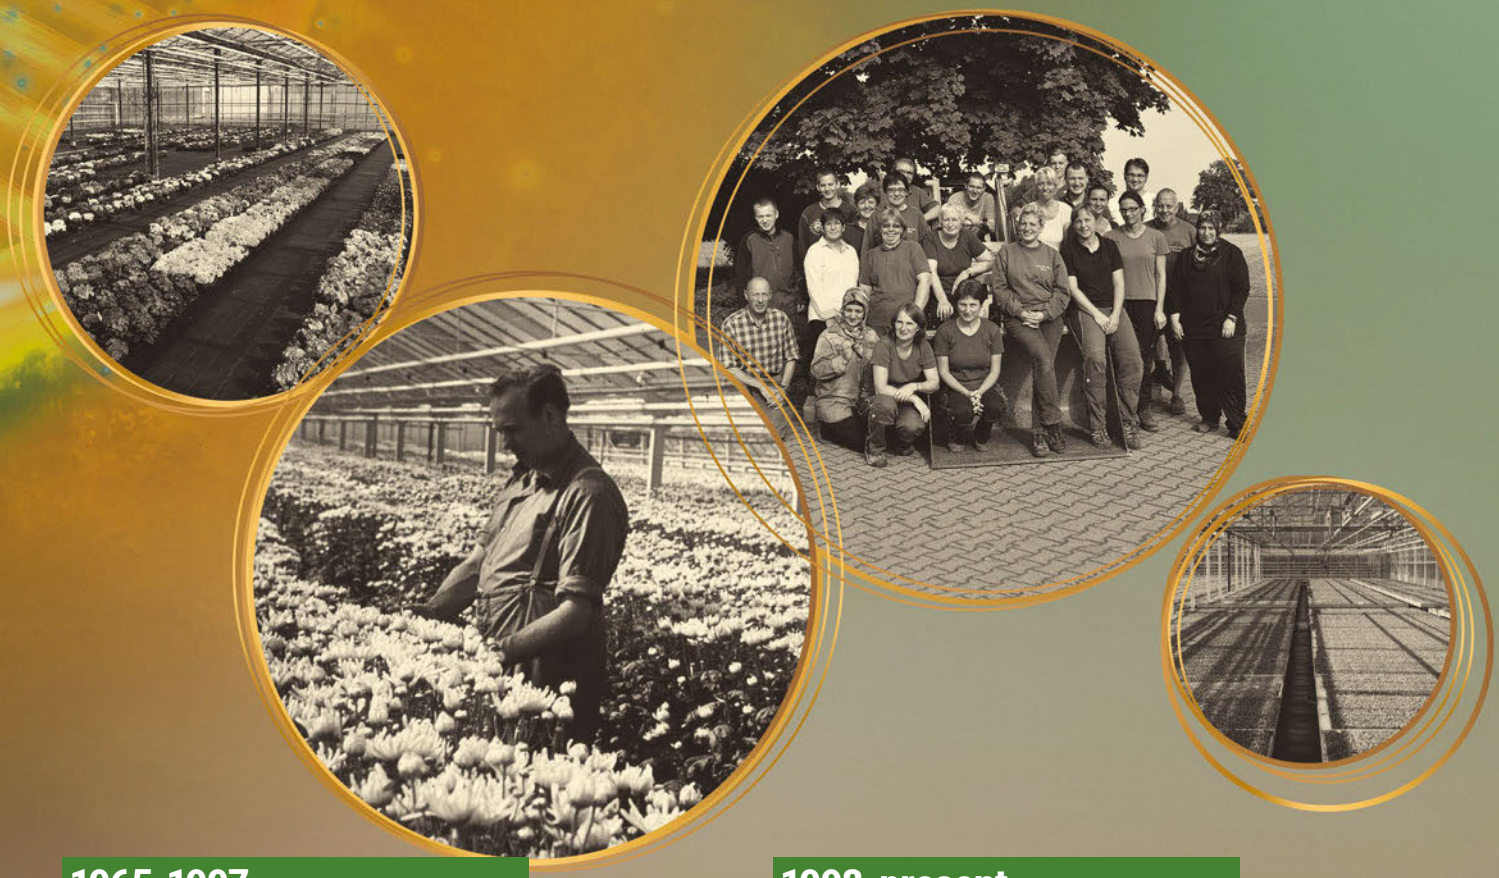

1930-1964
Growth & Expansion
Wachstum und Ausbau

EN
- Johann and Elisabeth Kloer continue running the business.
- Expansion to 7,000 m² of greenhouses and 2.5 hectares of open field
- During the 1960s, cut flowers were introduced in the assortment alongside vegetables

DE
- Johann und Elisabeth Kloer führen den Betrieb weiter
- Erweiterung auf 7.000 m² Gewächshausgemüse und 2,5 ha Freilandgemüse
- 1960er Jahre: Neben Gemüse wurden in den Gewächshäusern auch Schnittblumen angebaut

EN **With over 100 years of experience in professional young plant production, we have grown into a modern and specialized producer of young plants for the European market. Together with our customers and partners, we are shaping the future, generation after generation. Looking back in gratitude, looking forward together.**

DE **Mit über 100 Jahren Erfahrung in der professionellen Jungpflanzenzucht haben wir uns zu einem modernen und spezialisierten Produzenten von Jungpflanzen für den europäischen Markt entwickelt. Gemeinsam mit Ihnen gestalten wir die Zukunft – Generation für Generation. Mit Dankbarkeit blicken wir zurück, gemeinsam blicken wir nach vorne.**

1965-1997

Modernization and Specialization
Modernisierung und Spezialisierung

EN
- In 1965, Ferdinand and Gertrud Kloer took over the management of the family business
- Demolition of old greenhouses and construction of modern greenhouse complexes
- Transition from vegetable production to the cultivation of pot- and bedding plants
- Modern sowing machines were introduced from 1985
- Expansion of the greenhouse area to 24,000 m²
- 1990s: Start of the partnership with Raes Bloemzaden N.V. as a regular seed supplier

DE
- Sohn Ferdinand und Gertrud Kloer führen das Familienunternehmen weiter im Jahr 1965
- Abbruch alter Gewächshäuser und Bau moderner Gewächshauskomplexe
- Umstellung vom Gemüseanbau auf Topf- und Beetpflanzen im Saatkisten
- Ab 1985 wurde sie Aussaatmaschinen eingeführt
- Erweiterung auf 24.000 m² Gewächaushausfläche
- 90er Jahre: Beginn der Partnerschaft mit Raes Bloemzaden N.V. als festem Saatgutlieferanten

1998-present

Innovation and Digitalization
Innovation und Digitalisierung

EN
- In 1998, Johannes Kloer took over the family business from his father Ferdinand, becoming the 4th generation to lead the company
- Built 14,000 m² of new greenhouses and modernized 10,000 m² of existing ones
- Transition from seed boxes to production of seedling plugs
- Installed rolling benches, grow lights, irrigation booms, and climate controls
- Continuous optimization of operational processes through ongoing investments in modern technologies and digitalization

DE
- Johannes Kloer übernahm im Jahr 1998 den Familienbetrieb in vierter Generation von seinem Vater Ferdinand
- Neubau von 14.000 m² Gewächshausfläche und Modernisierung von 10.000 m² Bestandsfläche.
- Umstellung von Saatkisten auf die computergestützte Produktion von Sämlings-Plugs
- Installation von Rolltischen, Assimilationslicht, Gießwagen und Klimasteuerung.
- Weiteren Optimierung der Betriebsabläufe, Kontinuierliche Investitionen in moderne Technologien, Digitalisierung

Perfection in selection – Selection means perfection

EN

Did you know that our entire product range is continuously evaluated, both in production and at our trial field in Destelbergen? This thorough testing allows us to guarantee top-quality products, supporting growers with efficient cultivation and helping them achieve outstanding results for their customers.

DE

Wussten Sie, dass unser gesamtes Sortiment laufend getestet wird, sowohl in der Produktion als auch auf unserem Probefeld in Destelbergen? Diese umfassenden Prüfungen ermöglichen es uns, Produkte von höchster Qualität anzubieten und so die Grundlage für einen erfolgreichen Anbau und zufriedene Endkunden zu schaffen.

For the availability of young plants:
check our order forms.

Unser aktuelles Jungpflanzensortiment
und Freimengen finden sie online hier.
